

Super 1 Covid-19 Behaviours

Covid-19 is a highly infectious and dangerous disease. A resumption of play is only achievable if those involved create and maintain a controlled environment that minimises the threat of infection.

Risk in sport cannot be completely eradicated but with caution and care these risks can be reduced. Each player will need to decide when to return to cricket, based on their own circumstances and the arrangements that have been put in place for a safe return. This is particularly the case for players from BAME communities or those with underlying health conditions.

All those returning to Super 1s must adopt the following code of behaviour:

BE AWARE – Be aware of your own personal health. If you show **any** of the Covid-19 symptoms you must stay at home, inform NHS Test and Trace and seek medical advice.

BE RESPONSIBLE - Read the guidance provided by Somerset Cricket Board/ECB so that you are aware of the changes to the game and what is expected of you. This will include bringing your own labelled water bottle, labelled hand sanitiser, own bat and ball and keeping your distance from other players.

PRACTISE GOOD HYGIENE - Wash your hands regularly; before, during and after the session. WHERE POSSIBLE, MAINTAIN SOCIAL DISTANCING.

SUPPORT NHS TRACK & TRACE - You will be asked by your coach to sign in at the start of the session. This is because in the event of a Covid-19 outbreak those potentially infected can be traced. This is for everyone's benefit so please co-operate.

Avoid shouting or raising your voice if face to face with other players.

AFTER THE GAME – Wash hands, sanitise your kit and leave the site.
